

POLLUTION PREVENTION QUIZ

KIDS

Do you live in Marin County?

Yes No

How old are you? _____

1. Your toilet is not a trash can. Besides human waste, is toilet paper the only thing you **should** flush down the toilet?
 Yes No
2. If oil leaks from a car, the rain will wash the oil down the street to a storm drain which may be connected to a creek, which ultimately goes to the Bay. Can the oil washed down the street kill the fish?
 Yes No
3. Waste water from the sinks, drains, and toilets in your house goes through pipes underground which ultimately leads to a treatment plant. Does the treatment plant help clean the dirty water before it is sent into the Bay?
 Yes No
4. If you wash your car in a driveway and that water goes into a storm drain, is the soap from washing your car in your driveway safe for the wildlife when it reaches into nearby creeks?
 Yes No
5. After cooking or frying food at home, should you let the grease harden in the pan and scrape it into the garbage?
 Yes No
