

“Flushable” does not mean “flushable”.

Flushable wipes are clogging sewer pipes!

Flushable wipes do not dissolve in the sewer system. Even if you just flush one, eventually wipes will collect in sewer pipes, pumps and equipment causing clogs and blockages.

THINK BEFORE YOU FLUSH™

Clogs and blockages in sewer pipes lead to sewage spills and overflows. Help us avoid sewage spills and overflows and protect our local environment.

WIPES CLOG PIPES

FLUSH ONLY TOILET PAPER

**Protect Your Family, Community
and Waterways from Sewer
Backups and Overflows**

Wipes clog pipes. Flush **ONLY** toilet paper.

An overflowing toilet can ruin your home in an instant!

Wipes do not dissolve like toilet paper. Just one wipe flushed down a toilet can collect with other wipes and materials that should not be flushed, contributing to expensive and messy sewer backups in your home or neighborhood. Do your part and put all wipes in the trash. Think Before You Flush!
